

My Car's Story

By Chris McKee

About a year and a half ago I bought a 1966 Mustang A Code convertible from a dealer in Atlanta. Since then I have been improving and enhancing the car and just recently (this month!) the final upgrades were done (yeah... we all say that don't we!!!). It now has modern steering, frame reinforcement, a

Holly

Carburetor, Intake, K Code exhaust manifolds, Street Fire Power and Electric Ignition from MSD, upgraded brakes, red line tires, new paint, GT Trim, custom Pony Interior, upgraded stereo with a subwoofer.... I really enjoy taking it to car shows and hanging with my fellow 66 Mustang amigos (Bill Solomon, John Dwyer, and Tim Clingler).... I especially would like to call out the work of Tim Clingler's garage in Osteen and Samuals Auto Body in Longwood... great shops!!! Also, thanks to all of you in the club who have shared your knowledge and expertise to make this car a real "show stopper".... Gotta love Red and White!!!!
